PETRON MALAYSIA LAUNCHES NEW PETRON FLEET CARD

Kuala Lumpur – Petron Malaysia launched today the new Petron Fleet Card which uses the latest microchip technology. This innovative product allows corporate customers to monitor and have greater control of its fuel expenses. The Fleet Card is part of the company's continuing efforts to introduce innovation and quality service to its customers.

“We are pleased to introduce this improvement to our current fleet management program. The new Petron Fleet Card utilizes the latest technology that creates more value to our customers,” said Pn Faridah Ali, Petron Malaysia's Head of Retail Business.

Petron Fleet Card offers flexibility to fleet owners through its real-time online tracking system, allowing customers to effectively manage their fleet's fuel consumption through monitoring of fuel purchases and expenditures.

“With the new Petron Fleet Card, corporate customers have better control over their fleet expenditure while eliminating the hassle of cash transactions. The new chip card technology secures every transaction for customers' comfort and safeguards against tampering,” Pn Faridah added.

Petron Fleet Card comes with an advanced chip technology that provides convenience for every fuel transaction while ensuring protection of users' data. The card can be programmed to set purchase limits making it easier to monitor and budget fuel expenses. Fleet owners may likewise track fuel expenses through the e-Invoice online facility. As an additional security feature, the new card comes with Dual Card functionality which requires identification of vehicle and driver before any transaction is allowed.

The new fleet card is available to all fleet owners with a minimum of three vehicles and comes with a 31day-credit terms.

The new Petron Fleet Card replaces the existing magnetic-stripe 'Esso Mobil' Fleet Card. Existing cardholders will be automatically migrated to the Petron Fleet Card once they activated the new card, bringing over the previously accumulated loyalty points to the new Petron Fleet Card.

Petron Fleet Card is available free of charge, with no annual fees or service charge. With the new card, corporate customers will continue to enjoy earning Miles points by fuelling up with
