

Product Data Sheet

PETRON BLAZE RACING PREMIUM MULTIGRADE 15W-40

DESCRIPTION

PETRON BLAZE RACING PREMIUM MULTIGRADE 15W-40 with TS³ is a high-quality, engine oil designed to provide maximum protection for a wide range of gasoline and diesel engines operating under moderate to heavy service conditions.

The unique additive technology called Thermal Stress Stabilizing System (TS³) keeps the oil stable even at extreme temperatures, providing ultimate protection from engine stress.

PROPERTIES

- Gives superior anti-wear protection to cylinder rings, liners and valve trains
- Keeps engine clean through superior control of sludge and deposits
- Promotes extended oil drain characteristics
- Better wear protection for reduced vehicle maintenance cost

GRADE

- SAE 15W-40

TYPICAL CHARACTERISTICS

Color, ASTM	2.5
Specific Gravity at 15	0.8762
Kinematic Viscosity at 40°C, cSt	114.2
Kinematic Viscosity at 100°C, cSt	14.47
Viscosity Index	129
Flash Point, COC, °C	214
TBN, mg KOH/g	6.2

APPLICATION

- High performance gasoline-powered vehicles
- Also suited for older Volkswagen engines built before MY 2000
- Direct-injection diesel engines

QUALITY LEVELS

- It has the performance profile of:
 - API SN/CF
