

Product Data Sheet

PETRON Blaze 97

DESCRIPTION

Petron Blaze 97 is a high performance premium gasoline formulated to unleash the full potential of modern and high performance vehicles. It meets Euro 4M specifications.

Its high octane rating combined with increased dosage of high performance detergent additive, unique organic combustion enhancer, and friction modifier provides for enhanced engine performance and optimum driving experience.

Petron Blaze 97 provides the following benefits:

- Excellent engine cleaning action
- Enhanced power and acceleration
- Improved fuel economy
- Reduced exhaust emissions

APPLICATION

- Conventional gasoline cars
- High performance cars
- Cars fitted with catalytic converters
- Euro-4 compliant vehicles

TYPE/QUALITY LEVEL

Premium Grade

AVAILABLE PACKAGE

- Bulk

TYPICAL CHARACTERISTICS

Density at 15°C, kg/m ³	740.3
Research Octane Number	97
Color, Visual	Red
Copper Corrosion, 3 hrs. at 50 °C	1a
Distillation, °C	
Initial Boiling Point	38.0
10% Evaporated	54.0
50% Evaporated	79.0
90% Evaporated	163.0
Final Boiling Point	195.0
Sulfur, mg.kg	12
Vapor Pressure, kPa	57.5
Benzene content, %vol.	2.5
