## **PETRON ACTIVATES ROAD SAFETY CAMPAIGN FOR BETTER JOURNEYS**

**KUALA LUMPUR** – In time for Chinese New Year, Petron will activate its Road Safety Program for motorists who will be travelling to various destinations during this time. From February 13 to 15, participating Petron service stations will provide road safety reminders, display road safety tips, and offer free vehicle safety inspections nationwide.

“The Petron Road Safety Program is one of our longest-running and biggest advocacy campaigns. It aims to promote good driving and riding habits among motorists, especially during festive seasons,” said En Lokman Hani, Petron Head of Corporate Safety, Security, Health, and Environment. “After all, safer roads save lives.”

To underscore the importance of wearing seat belts, Petron dealers in Penang and Kedah will be distributing “Seat belts, Saves lives” flyers at the Juru Toll Plaza, which is among the busiest places in the Northern area during the holiday.

Petron invites motorists to enjoy free 22-point vehicle check-up at participating Petron service stations, which include Petron Sungai Besi southbound, Petron Skudai Toll northbound, Petron Gunung Semanggol northbound, Petron Juru Toll southbound, and Petron Jalan Beserah Kuantan. The oil company will run vehicle checks in partnership with Honda Malaysia.

Since 2014, Petron has been collaborating with the Malaysia Road Safety Department in promoting safer roads.

adhere to speed limits. At the same time, we advise them to have their vehicles checked before driving,” said En Lokman.

Motorists can also stop by Petron’s Treats convenience stores to take a break from their long journeys. Treats offers a variety of food and beverages and other essential items.

The Petron Road Safety Program includes the “Safety Riding Course,” which offers university and college students free practical lessons on basic driving, bike handling, and driving ethics. Last year, Petron met with thousands of university students to promote good riding habits and “Helmets on, Headlights on” safety messages to young motorists. More than 300 students enrolled in the “Safety Riding Course” in 2014.
