## **PETRON LAUNCHES PREPAID PAYMENT CARD FOR FLEET CUSTOMERS**

**KUALA LUMPUR** – Petron Malaysia is offering corporate customers another innovative card solution to help them manage their monthly fuel expenses. Suitable for small and medium enterprises (SMEs) with a fleet of less than seven vehicles, the Petron Prepaid Fleet Card gives customers the convenience of paying via a preloaded card.

Petron Prepaid Fleet Card is one of the safest ways to pay for fuel, as the card is protected by microchip technology and Personal Identification Number (PIN). Apart from enhanced security with every transaction, customers may also set their own fuel or credit limit and monitor and control online their fuel account via a real-time tracking system.

For customer convenience and hassle-free payment, the prepaid card can be used at fuel pump terminals located outdoor, or through indoor payment counters in the Treats store. To reload, Petron Prepaid Fleet Card holders can easily top up credits through cash deposit, cheque payment or via the Interbank Giro online transfer every month or as required.

Apart from the benefits of cashless payment, Prepaid Fleet Card holders can also earn Petron Miles points every time they gas up. Using the Petron Prepaid Fleet Card, customers earn 1 point for every ringgit spent on fuel.

“As part of our efforts to lead in giving customer convenience, we are delighted to bring this innovative payment option for our customers. Our mission is to help our customers manage their fleet better by enabling a cashless payment system. Our prepaid card comes with many benefits: it is secure, convenient, enables greater control and easy acceptance at any payment terminals”, said Pn Faridah Ali, Head of Retail.

To avail of the Petron Prepaid Fleet Card, customers need to fill up a form which is available at any Petron service station. Forms should be submitted together with the company’s Business Registration Form to the Petron Malaysia headquarters. It takes about 2 weeks to receive cards upon successful application.

The Petron Fleet Card eliminates the hassle of dealing with cash transactions, while having access to Petron’s premium fuels through over 570 Petron service stations nationwide.
