Introducing one of the region's fastest growing oil refining and marketing companies, **Petron Corporation** is now in Malaysia. **Petron Malaysia** is part of **Petron Corporation of the Philippines**.

Today, Petron Corporation is the largest integrated oil refining and marketing company in the Philippines. It is ranked number one across all business segments in the Philippine oil industry. Petron Corporation is known for its innovative products, excellent services and successful partnerships built on trust, and caring for its customers and business partners.

On March 30, 2012 Petron Corporation acquired ExxonMobil's downstream business in Malaysia. Our investment in Malaysia marks a new milestone in Petron Corporation's history. The company sees much potential in the liberalised and dynamic Malaysian economy. Petron Malaysia provides commercial fuels, lubricants, LPG and chemicals.

Petron Corporation looks forward to serving the people of Malaysia through its service station network. Petron Malaysia has begun rebranding Esso and Mobil stations across the country to reflect its new identity. Look out for our distinctive blue and red logo and visit a Petron Station nearest to you. Through our convenience store Treats, we aim to give motorists a delightful one-stop experience. And for your patronage, we continue to accept the Smiles loyalty card.
