

Sustainability Policy

We at Petron have a responsibility to our stakeholders to grow our business while upholding our commitment to health, safety, and the environment. Our corporate social responsibility and sustainability efforts are at the forefront of our priorities alongside protecting our profitability, market leadership, and operational efficiency.

This is how we do business. We continuously enhance our performance and at the same time, create a positive impact on our society, our nation, and our planet.

In line with this,

We will conduct ourselves and our business operations in a manner consistent with applicable sustainable practices under these three main pillars:

- **Economic Sustainability**
 - Create long-term economic value for our Company and our shareholders
 - Ensure the highest standards on Corporate Governance and Risk Management practices
- **Environmental Sustainability**
 - Adhere to all applicable environmental legislation and Government regulations
 - Effectively manage our environmental footprint in every aspect of our operations
- **Social Sustainability**
 - Contribute to addressing the economic and social needs of our communities
 - Make a positive impact on the society through promoting safe, secure and healthy lifestyle
 - Nurture progressive cultural values among our communities.

In line with our efforts, we engage our stakeholders to join us as we move ahead in our sustainability journey. Internally, we have in place stringent standards to ensure business continuity while minimising our environmental footprint. As we track our progress, we also let the public in on our development in accordance with Bursa Malaysia Guidelines on Sustainability Reporting. Through sustainability, we can realise our strategic goals better and more efficiently, while further strengthening our position in the industry.
