

PRODUCT DATA SHEET

PETRON BLAZE RACING FULLY SYNTHETIC SAE 5W-40

DESCRIPTION

PETRON BLAZE RACING FULLY SYNTHETIC SAE 5W-40 with TS3 technology is a top-tier gasoline engine oil that provides excellent protection even under extreme driving conditions. It is recommended for use in modern, high performance gasoline engines.

PROPERTIES

- It maintains superior engine cleanliness for maximum efficiency and power
- It provides outstanding oxidation resistance for extended engine protection
- It delivers excellent engine protection against wear for longer engine life
- It prolongs the life of catalytic converters and particulate filters

GRADE

SAE 5W-40

TYPICAL CHARACTERISTICS

Color, ASTM	L2.0
Density at 15°C, kg/L	0.8515
Kinematic Viscosity at 40°C, cSt	71.24
Kinematic Viscosity at 100°C, cSt	13.09
Viscosity Index	150
Flash Point, COC, °C	234
TBN, mg KOH/g	7.6

APPLICATION

- Sports cars / Luxury cars / High performance cars
- Modified racing cars
- SUVs and other gasoline engines
- Also suitable for light duty diesel cars

QUALITY LEVELS

- It is approved and certified according to specifications of:
 - API SN
 - MB-Approval 229.31
- It has the performance profile of:
 - ACEA C3
 - API CF
 - BMW Longlife – 04
 - GM Dexos 2
 - MB 226.5
 - MB 229.51
 - MB 229.52
 - Porsche C40
 - RN0700
 - RN0710
 - VW 511 00
