

PETRON GHTP GEAR OIL

DESCRIPTION

Petron GHTP Gear Oil is a fully synthetic, premium grade lubricant formulated to meet the stringent requirements of automotive axles, limited slip differentials, and manual transmissions.

PROPERTIES

- Provides superior axle wear protection under high temperature conditions
- Has excellent thermal and oxidation stability
- Provides good material compatibility with commonly used seal materials
- Has excellent water separability and air releasing ability
- Enabled smooth and non-slip transmission even under “shudder” condition
- Has proven excellent transmission performance

GRADE

- SAE 75W-90

APPLICATIONS

- Automotive, light duty and heavy duty axles
- Limited slip differentials
- Heavy duty non-synchronized manual transmissions

QUALITY LEVELS

- It has the performance profile of:
 - API Service GL-5
 - API MT-1
