PETRON RECEIVES GENUINE PRODUCT LICENSE FROM SIRIM

Petron engine oils certified under SIRIM 58 Standard for authenticity and reliability

KUALA LUMPUR – Petron Malaysia has been awarded the SIRIM Genuine Product License—a license obtained under the Certification and Marking of Engine Oils (for Motor Vehicles) Order 2024, allowing the company to apply for SIRIM Genuine Product Labels for its engine oils in the Malaysian market. Having this label provides independent assurance to customers that Petron engine oils are genuine and consistently manufactured to specification.

The certification is granted under the SIRIM 58 Standard – Certification Scheme for Genuine Product (Engine Oil for Motor Vehicles). This scheme ensures compliance with standards, supports legitimate manufacturers and importers, and protects consumers by eliminating counterfeit engine oils from the market.

The range of Petron lubricants that will carry the new SIRIM stickers are:

- **Petron Blaze Racing series**
- **Petron Rev-X series**
- **Petron Rider 4T series**
- **Petron 2T series**
- **Super Tractor Universal Oil (STOU)**

This recognition follows the successful completion of inspections, audits, and certification processes, demonstrating Petron’s commitment to quality, authenticity, and consumer trust.

Mohd Asri Ibrahim, Head of Commercial Business at Petron Malaysia, shared "Petron is proud to have been awarded the SIRIM Genuine Product License which reinforces the quality, authenticity and reliability of our engine oils. It also reflects our commitment to provide better engine protection for our customers' vehicles."

The official certificate presentation ceremony was held at Petron Malaysia headquarters in Bukit Damansara, Kuala Lumpur led by Azmi Musa, Senior General Manager, Testing Services Department of SIRIM QAS International Sdn. Bhd.

With this milestone, Petron will be eligible to apply and use the SIRIM Certification Mark and Security Label across its certified range. Petron remains committed to fueling journeys with premium and high-quality products, including its engine oils and lubricants, made available through its nationwide network of service stations and distributors.

About Petron Malaysia

Petron Malaysia is a leading company in Malaysia's downstream oil market. Its 88,000 barrel-per-day Port Dickson Refinery produces a wide variety of world-class fuels, which is distributed through 10 terminals of Petron subsidiaries in Malaysia. Through more than 810 stations nationwide, the company retails premium fuels, namely Blaze 100 Euro 4M, Blaze 97 Euro 4M, Blaze 95 Euro 4M, Turbo Diesel Euro 5 and Diesel Max Euro 5. In addition, Petron also offers lubricants, convenience stores and cooking gas, all under one roof. As a progressive oil company in Malaysia, Petron aspires towards a sustainable energy-secured nation where everyone's journey is fueled by opportunities for meaningful experiences.
